# CREATE AN ONLINE PRESENCE FOR YOUR BUSINESS BY MAKING USE OF THE 3D - 360 DEGREE INTERACTIVE VIRTUAL TOUR

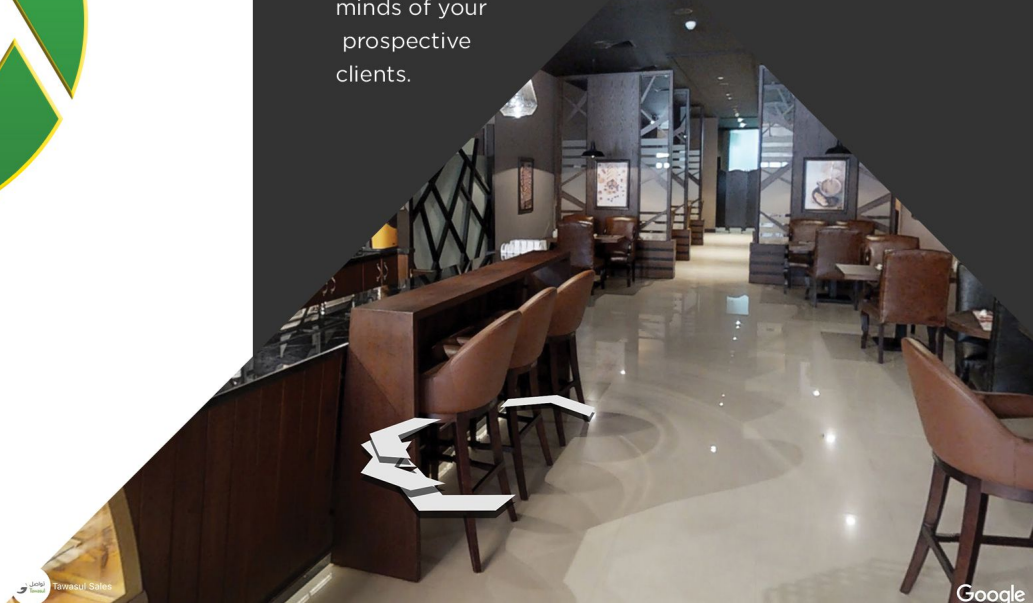

## WHAT WE OFFER

The number of people making use of the internet to aid their decision making process when they intend to make a purchase continues to increase at an alarming rate. The figures show that over 90% of consumers actively check for information pertaining to products they intend to purchase online before making the actual purchase. What this implies is that it has become very important for every serious minded business person to the required steps to ensure their products have a very strong online presence.

This begs the question, how can you best create a very active online presence for your business other than making use of an interactive virtual tour on Google, which is made possible with the help of Tawasul International?

Tawasul International provides your online visitors the opportunity to have a peak into your business world without having to leave their comfort zones.

Tawasul Virtual Tour offers serious minded business owners with enormous opportunities to showcase their business online with an attractive virtual tour consisting of 3D and 360-degree interactive experience creating a lasting impression on the minds of your prospective clients.
